

Testimonial Daniela Rocha

I relocated with my family from Brazil to Geneva last August in such a short notice. I am so happy that I found Barzilay Services and Monica and her employees were the best assistance ever. Monica Barzilay assistance made my moving smooth and appeared so easy. She was a great contribution to this step on my life making even the normal stress of this situation not even felt by my family.

I do not have words to thank Monica and her team and I highly recommend her company to all.
