To whom it may concern:

Hereby I would like to recommend **Barzilay services** as a superb relocation agency. Her assistance was crucial in finding a suitable house very fast and being able to settling in Geneva in a calm and amicable manner.

Madame Barzilay has excellent relationship with the “Régies” and insurance companies which enabled her to expediently prepare the paperwork to rent the house in a secure and efficient manner. The company also provided invaluable assistance to get all the necessary services: cable, electricity, telephone to be set up in a cost effective way. She also intervned in our absence to do the inventory with the régie and followed through to make sure the few repairs promised were done.

In short, her assistance has been invaluable for us to arrive in Geneva in the best way possible, making our transition smooth and effective.

Best Regards

Fernando Calado
